Medicaid, EPSDT & Wraparound

Learn how successful therapies for DDD children in Arizona can become available at no cost to parents (regardless of family income) to help reduce or eliminate symptoms and challenging behaviors.

2

How to Get the AHCCCS Health Care Services Your Child Needs

Learn how to navigate the ALTCS health care maze, including what to do if you are facing the appeals process for a denial, reduction or termination.

3

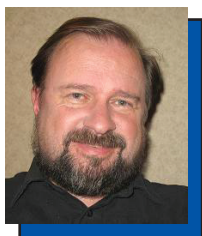

Excellent Behavioral Support for Children in Their Schools and Homes

EPSDT & BHRS Funding will be thoroughly explained. You will learn how to write individualized treatment plans so that "Medical Necessity" is established, how to access Medicaid funding for BHRS via the EPSDT mandate and how to keep your funding until the treatment plan is finished (without having to water-down treatment).
